DESIGNER REVIEW / ONE SIZE

Baby shoe pattern proof

Your original shapes, cleaned and prepared for a first sewing test

PROTOTYPE: NOT FIT-TESTED OR READY FOR SALE

Video says 0-3 months; the finished fit has not been verified.

WHAT IS IN YOUR ORIGINAL FILE

The upload contains ONE set of three pieces, not four age sizes. The measurements below describe the flat inner outlines (stitch guides), not a baby foot or finished shoe.

PIECE / ORIGINAL SHAPE		APPROX. FLAT STITCH GUIDE
A	Curved section (likely front)	5.00 x 2.70 in / 12.71 x 6.85 cm
B	Sole	4.50 x 2.61 in / 11.42 x 6.63 cm
C	Long section (likely heel)	6.00 x 4.00 in / 15.25 x 10.17 cm

WHAT HAS BEEN CORRECTED

- Original outlines were balanced around their center axes; no overall resizing was applied.
- A 1/4 in (6.35 mm) cutting allowance was added around each outside outline.
- Cutting, stitching and center guides are differentiated and labeled.
- A4 and US Letter pattern pages now include 1 in print test squares.

BEFORE YOU SELL

- Sew and measure a sample: inside length, toe width, upper space and ankle comfort.
- Confirm cut quantities, lining, elastic and assembly with the tutorial and your sample.
- Confirm you have permission or commercial rights for a video-derived pattern.

Print & pattern guide

Please read before cutting your fabric

1 CHOOSE THE CORRECT PAGES

A4 paper

Print pattern pages 3 and 4

US Letter paper

Print pattern pages 5 and 6

2 PRINT AT TRUE SIZE

- Select 100% or Actual Size in the print dialog. Turn OFF Fit to Page / Shrink to Fit.
- On each page, measure the square: it must be 1 x 1 in (2.54 x 2.54 cm).
- If the square is not exact or an outline is clipped, correct the print settings and reprint.

3 READ THE LINES

SOLID = cut on this outside line.

DASHED = stitch guide; 1/4 in allowance is included.

DOTTED = center construction guide; do not cut here.

4 MAKE A TEST SHOE

- The upload did not state a seam allowance. This proof treats its outlines as stitch guides and adds 1/4 in outside: do not add it again.
- These are complete paper shapes. The dotted center is a reference, not a cutting instruction. Confirm any folding and fabric layers in the video.
- Cut quantities, lining method, elastic length and a standalone sewing sequence are not verified in the upload. Follow the video and document them on your test sample.

BABY SAFETY

Avoid loose small parts and long ties. Do not use tight elastic or a slippery sole.
